

Dear NASA Championships Participant,

Thank you for joining us at the 2016 NASA Eastern States Championships Presented by Toyo Tires at Watkins Glen International! With hundreds of entries at a beautiful and historic track, this promises to be one of the best Championships we've ever held.

There are many important details below so please read everything carefully. Any updates and all later communications will be emailed directly to registered drivers.

Arrival

You must sign waivers and acquire a NASA wristband from Registration to be allowed access to the facility. This includes the paddock and infield. This means plan your arrival according to the Registration times listed below (i.e. don't get there at 2am because you will be waiting until Registration opens the next morning.) You will not be allowed into the track at any time without a NASA wristband. Please wear your NASA wristband at all times on track property, no exceptions. For wristbanded participants, Gate 2 will be open 24/7.

Please direct your attention to a full size color map of Watkins Glen International including gates and outfield parking:

Registration

All officials, drivers, crew, and attendees will need to acquire entrance credentials by visiting the Registration building at the corner of Montour-Townsend Rd and Bronson Hill Rd (two blocks up the hill on County Route 16 from Gate 2, aka the main gate) during these timeframes **only**...

Wednesday: 4pm-9pm

Thursday: 7am-6pm

Friday: 7am-12pm

Saturday: 7am-10am

If you registered for our optional Priority Check-In, please note that you will have your own window at Registration. Please look for signs indicating Priority Check-In when you arrive.

All support staff and guests are considered crew and if you are crew, you need to check in with your driver's name. Passes for additional crew (after 2 free per driver) are available online from the registration page or on site for \$25 cash or card.

Staging/Gate

Once you have been through Registration on Wednesday, where you go and what time you get into the infield depends on which option you chose - Priority or Regular - when you signed up.

Priority – please pull straight ahead into Lot 3 (through fence gate marked 4A0) **to the right** and down the hill (to fence gate marked 305.) You will then turn right and enter through Gate 3 between 6:00pm and 7:00pm Wednesday. This will make much more sense after you arrive on site.

Regular – **please DO NOT park on the road to Gate 2 (main gate to tunnel/infield), please park only in the left side of Lot 3 and wait. You may exit that lot and enter through Gate 2 starting at 7:00pm Wednesday.** All arrivals at or after 7pm Wednesday will go through Gate 2 after you check in at Registration, Gate 2 will then be open 24/7 until Sunday evening. Remember, you must check in at registration before entering the facility.

Paddock Access Plan

Please refer to the maps linked from <http://nasachampionships.com/east-event/> . All paddock is general and unreserved except Garages, the areas on either side of Garages, and RV lots behind grandstands inside the front straight. Please compress space; no single entrant should need more than 90' x 15' or 45' x 30' regardless of location. Please be ready to move open trailers or non-essential vehicles from busy or crowded paddock areas. **Sorry, no saving of paddock spaces before 7:30pm Wednesday or after 7:30pm Thursday.**

Garage assignments can be found linked from <http://nasachampionships.com/east-event/> . The paddock area outside each garage is reserved only for the person or team who rented that garage. **Please do not park outside a specific garage unless you rented it. You will be required to move if you do.**

Electrical locations can be found linked from <http://nasachampionships.com/east-event/> as well. If you pre-registered for electrical, you will get a pass at Registration that goes on your power cord. If you did not pay for electrical power, please do not plug into power. You will be asked to purchase a power pass on the spot.

Reserved spaces in RV lots are first come, first serve and should be filled in sequentially from left to right (because only those power boxes will be unlocked.) You will get a pass at Registration that goes on your RV. If you did not pay for an RV spot, please do not occupy one. Also, no paddocking / trailers / racecars are allowed in the RV lots – just RVs.

Driver Meetings – 6pm Thursday (Race) & 8am Saturday (Time Trial)

A mandatory meeting for race drivers and officials will be held at 6pm Thursday, location TBA. TT drivers are welcome and encouraged to attend but are not required to do so. A mandatory Time Trial meeting will be held at 8am Saturday in the Media Center (tentatively the Writers Room), and at other times Sat/Sun as posted on the schedule. Tentatively there will also be mandatory meetings on Thursday morning for racers doing the test day and later Sat/Sun Time Trial meetings TBA. Please check the latest schedule for current updates.

Driver Info

Driver Info will be located at the desk in the middle of the bottom floor of the Media Center (next to the garages, behind the Gatorade Victory Lane winners circle. This is where you go for timing changes, contingency info, decals, patches, staff requests, and more. Driver Info will be open Thursday from 12pm until 6pm, then Friday, Saturday, and Sunday from 8am until 5pm.

Friday Night Festivities

Please join us Friday night for social activities TBA, brought to you by Toyo Tires. Our friends from Winding Road Racing will also be giving away a helmet during this party as well, so don't miss it!

Scales and Dynos

Scales are located in the first few garages closest to the track. Dynos will be located nearby. Your class will be assigned to a specific set of scales and one dyno for the duration of the event. Please see the document posted on the event info page <http://nasachampionships.com/east-event/>

Schedule, Entry List, Tire Vendors, Scale/Dyno Assignments

Please see the most current info linked from <http://nasachampionships.com/east-event/>

Event Regulations

Please remember, it is every participant's responsibility to read and understand the event regulations which can be found anytime linked from <http://nasachampionships.com/east-event/>

Final Thoughts

Safe travels! For more info please contact your Event Director, Jon Felton: jfelton@drivenasa.com
